

ADD YOUR NAME AND PHONE NUMBER TO YOUR PADDLE

Several of our club members have purchased customized name bands for their paddles from a company named MYPadL. The company has a bulk order special running this week when 50 bands are purchased. These bands are more durable than name stickers that eventually peel off and they provide two printable sides, making it perfect for a name on one side and a phone number on the other. Having the contact information on all paddles has the following benefits:

- Ensure the proper return of paddles to their owners if they are left behind on the courts.
- The phone number printed on the band could be that of your spouse or an emergency contact in case you are involved in an on-court emergency.
- As the SCA Pickleball club introduces challenge court system where racks similar to the one in the photo below are utilized determine the order of play, having names on paddles would make the process run smoother and prevent someone from grabbing a similar paddle that belongs to someone else.

The bands come in 14 different colors which you can view on their website. The side with the paddle logo can take up to 7 characters, including a space, and the non-logo side can hold 12 characters. The company is located in CA so shipping is extremely fast once orders are placed (4-5 days). The cost is normally \$12 each but the bulk order pricing is \$5.

The company's website is:
